

INSPIRE

Hi there,

It has been a few weeks since we last checked in, so we wanted to share a few updates with you.

If you would prefer to hear from us more often, check out our social media! We're always posting updates on Lumascope and keeping our community up to speed on exclusive lighting news.

Follow us on [Facebook](#), [Twitter](#), [LinkedIn](#), [Instagram](#), [Pinterest](#), [YouTube](#) and [Google +](#).

Want some inspiration for your next lighting project?

Al Wakra Celebration Hall Complex, Qatar

Al-Wakra Celebration Hall Complex in Qatar is an impressive culmination of traditional Qatari, and contemporary architecture.

Discover how our in-ground lighting solutions helped transform this innovative complex into a beacon of celebration for the city of Al-Wakrah.

Check out the latest product info on CADdetails

CADdetails

Did you know that we're regularly updating our suite of drawings and 3D models available on our external partner site, CADdetails?

It's a great resource for all those technical product specifications and drawings that aren't published via our website.

Access CADdetails through the link found on our website below:

About Lumascope

Lumascope is a leading manufacturer of high-performance exterior, in-ground and underwater lighting products.

With over 50 specialist manufacturers' representatives in North America alone, we export to over 40 countries across the globe through a network of agents and distributors.

Each of our agents and distributors are carefully selected based on their understanding of the business culture in their respective market, and their ability to service the unique needs in their region.

Our state-of-the-art lighting test and development laboratory, combined with unrivaled in-house testing facilities, positions us as one of the industry's most agile organisations, with unique capabilities to deliver custom lighting solutions tailored to the brief.
