

ERDEN BRASS EB3

A robust and compact, high-performance in-ground luminaire

Factory set 0° or 15° tilt

humantouch™

Reduced external glass temperature to human-friendly levels for public spaces.

Static White (4,000 K): Up to 1,420 lm
RGBW w/Royal Blue: Up to 890 lm

easyglow™

Visual comfort technology to reduce contrast while still achieving maximum light output

Choice of marine-grade 316 stainless steel or brass lid

Teflon-coated stainless steel fasteners

powersync™

High-speed digital communication technology, that allows addressing and granular control of every luminaire, using only a single cable

Integrated controls built into the luminaire

microantileach™

Factory installed, 100% water-tight cable entry that blocks moisture from entering the luminaire

cooldrive™

Integrated active thermal management system

opticlear™

Exceptional optical purity and load strength

Premium Luxeon® LEDs for ultimate consistency and reliability

Premium Designer Optics as standard for virtually no color-over-angle separation

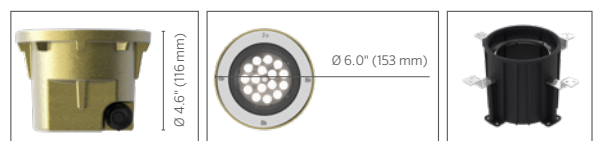

Can be rotated within the pre-installation sleeve for easy aiming without the need for disassembly or unsealing

Factory-sealed IP68

Solid brass housing

Available in RGBW, and a wide selection of white color temperatures.

Pre-Installation Sleeve
